HERE'S WHAT OUR CUSTOMERS ARE SAYING ABOUT DON GOLDBACH

"Don Goldbach from Pillar to Post did a FANTASTIC job on my home inspection. He carefully walked me through the process, pointing out every and anything that look acceptable or things that needed attention. I was extremely pleased with his service and he did a great job providing me all the documentation and photos I needed to make an informed decision about my home. I would recommend him to anyone for their home inspection. My Real Estate agent was with me, and she even said it was the best inspection she had ever seen, and she has been in the business for over 20 years! Great Job!"
